EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

2. Authorization for this examiner's amendment was given in a telephone interview with Barry Haley on 2 July 2004.

3. The application has been amended as follows:

In claim 40, line 7, change "therethrough," to -therethrough,--.

This change is necessary to correct a typographical error.

Reasons for Allowance

4. The following is an examiner's statement of reasons for allowance. The prior art fails to disclose a recessed rotary multiple port turret with the following features:

1) means for incrementally rotating and indexing the body portion *within the housing*;

2) a cooling fin that comprises a cleft, a tubular lens within the cleft and means for securing the tubular lens within the cleft;

3) means for rotatably mounting the turret *within the housing* such that a particular portion simultaneously is in optical communication with the light source and is accessible from outside the housing;

4) a housing having an inside and an outside that at least partially encloses the light source and the turret body such that a particular port simultaneously is in optical communication with the light source and is accessible from outside the housing; and

5) mounting means for mounting said turret body within the illumination device.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
